THE NOURISH BUDDY

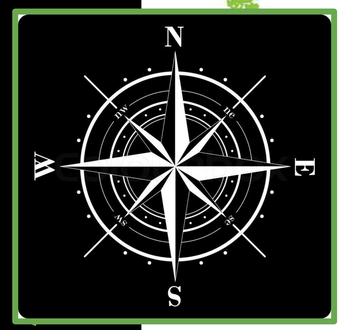
PARTNER:
County of Simcoe

THEME:
Community Ownership

COHORT:
Child & Youth Care

As we inspire non-judgmental spaces and places through a food mentorship movement, we will empower acts of courage that "shine the light" on how prevalent food insecurity is in our community and how communal ownership can begin to impact it.

The Nourish Buddy is a mentor based movement which connects ***prior*** users of food assistance programs with potential ***new*** users who are struggling to access those services due to stigma.



The Nourish Light bulb is a beacon that illuminates resources in the community who support a safe. accessible and stigma-free community.
